Norther Karate: Children will enjoy an exciting introduction to karate through fun, age-appropriate activities that build confidence, focus, coordination, and physical fitness. This interactive session encourages children to learn basic karate skills while having fun and staying active.

Super Science: Get ready to discover the exciting world of science! Children will explore fascinating scientific concepts through hands-on experiments, interactive demonstrations, and fun activities that spark curiosity, creativity, and a love for learning.

Taste Budds: Children will enjoy a fun and interactive one-hour cooking session where they'll create delicious recipes while learning age-appropriate kitchen skills.

Please Note: PA Day activities, trips, and in-house guests are subject to change. While we make every effort to follow the calendar as planned, activities may be modified, rescheduled, or replaced due to unforeseen circumstances, availability, weather, or other factors. Families will be notified of any significant changes.
